### 4BIMm becomes BIMmTool Connect

All BIMmTool licenses purchased with Origins and Origins Pro (formerly PointCab4BIMm Suite and PointCab4BIMm Pro) will become BIMmTool Connect licenses. You retain the full scope of functionality at no additional cost. It also applies to upgrades to be compatible with the latest Archicad version.

Please take the opportunity to upgrade to BIMmTool Pro: It includes features like orthophotos, delta analysis, and clipping function directly in Archicad!

### Maintenance, updates, and support (mandatory in the first year)

The maintenance and support package includes the following services:

- Automatic free updates to software revisions and new versions.
- 8 x 15 minutes hotline and screen sharing support (per year).
- 1-hour introductory training and coaching in the software.

Subscriptions include the same services.

### BIMmTool version for universities and students

BIMmTool school and student versions are for institutions, teachers, and students free of charge.

Please send your request and proof of enrollment or employment to [mail@bimm-solutions.com](mailto:mail@bimm-solutions.com) to verify your status.

### System requirements

Supported operating systems:

- Windows 10,11 (64-Bit)
- macOS 12 Monterey, 11 Big Sur, 10.15 Catalina, 10.14 Mojave

Minimum requirements for computer hardware:

- Processor: 64-bit processor with four or more cores
- 16 GB RAM
- At least 50 GB of available hard disk space

BIMmTool runs on Archicad 24, 25, or 26.

Prices are in EUR excl. VAT/tax. Any corrections of mistakes, misprints, and price changes are reserved without prior notice.

The General Business Terms and Conditions of BIMm Solutions GmbH apply: <https://agb.bimm-solutions.com/en/>.

Please note that the maintenance and support package for PointCab Origins and BIMmTool is mandatory and valid for 12 months. It will renew automatically if not canceled two months before the contract's expiration.
